-ABOUT ME

Enthusiastic and self-motivated Front-End Web Developer with a solid foundation in HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, and React. Passionate about creating responsive and user-friendly websites. Strong problem-solving skills developed through learning Data Structures and Algorithms in C++. Eager to contribute and grow in a dynamic development team.

-EDUCATION

2024 - 2027   Bachelor of Computer Applications
VNSGU

2021 - 2024   10TH ADN 12TH FROM SUNGRACE SCHOOL

-PROJECTS

• ADD TO CART

Developed a responsive Add to Cart web application using HTML, CSS, JavaScript, and React. The project allows users to browse items, add or remove products from the cart, and dynamically updates the total price in real-time. A clean user interface and smooth user experience. Practiced modular coding and reusable components to maintain code efficiency and readability.

• Employee Management

Built a fully functional Employee Management System using React to perform CRUD operations (Create, Read, Update, Delete). Implemented forms to add and update employee records, with real-time data rendering using React state management. Designed a clean and user-friendly interface with responsive layouts using CSS/Bootstrap/Tailwind (update based on what you used).

-SKILLS

- HTML
- RESPONSIVE WEB
- CSS
- GIT & GIT-HUB
- JAVASCRIPT
- REACT-JS
- JQUERRY
- REDUX-TOOLKIT
